### Presidents Report

Hi everyone from your new president. I am sure that a lot of people will recognize my name and also my wife's name Ann on the committee list. Back in harness again with a great new committee. Our accent will be on teaching and streamlining the club's operation for the coming year. The new committee has some fresh ideas and we will look forward to implementing them over the next month and then settling in for the Xmas, New Year break, ready to rock and roll a little bit earlier next year; possibly about 13th of January. Looking forward to meeting you all. David.

#### Beginner Teachers Needed.

We want to hold a teaching seminar for any one of our club members who would like to help teach our new beginners next year.

The beginners format needs to be the same for every six week block and the seminar will enable every beginner teacher to teach exactly the same way to give beginners consistency and confidence to step out onto the dance floor anywhere they wish to dance. There are so many members at our club that would make great teachers, so please have a go, as our beginners need you. See Ann for details.
